hp StorageWorks
Enterprise Virtual Array

Important Requirements for the Use of 300 GB Fibre Channel Disk Drives

Product Version: 3.020

The use of this 300 GB Fibre Channel disk drive is supported only with the following minimum VCS version:

Enterprise Virtual Array at version 3 level: **VCS v3.020**

Use of these devices at VCS versions lower than these minimums can lead to unpredictable results including unstable array operation or data loss. Please contact your HP Services representative for appropriate corrective measures if these minimum conditions do not presently exist in your configuration.
